Marine Rescue NSW

Marine Rescue NSW is the State's official volunteer marine rescue service.

We have more than 3,000 volunteers based in 45 units on the NSW coast and inland waters.

Our mission is saving lives on the water.

Marine Rescue Sydney

Marine Rescue Sydney is the main marine radio communications base for the Sydney region and our "Radio Footprint" extends from Norah Head in the North to Wollongong in the South.

We also provide overnight coverage of other parts of the NSW coast via radio over the internet (ROIP)

The Base operates 24/7 from its central location in Thompson Drive, Terrey Hills.

Marine Rescue Sydney radio base at Terrey Hills

What we do at MR Sydney

- Monitor marine radio channels for vessels in distress or requiring assistance and initiate and co-ordinate emergency responders
- Provide a radio safety watch and a coastal tracking service for local, day or overnight trips and coastal cruising for several days or more
- Organise Marine Rescue vessels to aid boaters in need of assistance
- Run marine radio qualification courses for members of the public
- Broadcast regular marine weather forecasts including tidal, wave and wind information
- Assist NSW Water Police (Marine Area Command) when required

Modern communications equipment for radio operators
